

## Kentucky Power Solar RFP Q&A #1

### **What Counties does the project need to be located in?**

The proposed project/s must be located in Kentucky Power Company Service Territory

[Kentucky Power Facts Page](#)

### **Where do I find the Distribution Interconnection Application?**

Please contact the D.G. Coordinator listed in Section 12.3 of the RFP for more information, questions, and to obtain an Application for Interconnection.

### **Are we required to use union labor or do we just have to pay prevailing wage?**

Yes, all bidders will be required to utilize union labor for this project. A copy of the Form Contract will be sent to all qualified bidders who have also executed an NDA with Kentucky Power.

### **Do I need to utilize labor agreements for all crafts? (Electrical, Millwright etc)?**

Yes, the National Agreement covers all of the trades.
